

STUDENT CENTRIC METHOD (2022-23)

The School of Geography organized seminar on various contemporary issues to sensitize the students on the issues related geographical sciences. Besides, a number of Workshop/Training programme, Webinar etc. were organized for students to make them familiar on recent development of geographical sciences and provide hands on training to equip them with necessary relevant skills.

School of Geography collaborated with IIRS, Dehradun to conduct the following Training/ Workshop/ Certificate course to inculcate the learning beyond classroom and classroom hour with self-pace. This method is entirely online based and draw huge interest of students as they got opportunity learn from national level experts from different domain of Geospatial technologies.

Sr. No	Name of the certificate course	Conducted by	Duration	Academic Year	No of Students enrolled
1	Outreach Programmed on Geo data sharing and cyber security	IIRS, Dehradun	1 week	2022-23	2
2	Outreach Programmed on Geo data sharing and cyber security	IIRS, Dehradun	1 week	2022-23	3
3	Outreach Programmed on Overview of GNSS	IIRS, Dehradun	2 weeks	2022-23	2
4	Outreach Programmed on Space technology and its Application	IIRS, Dehradun	1 day	2022-23	1
5	Outreach Programme on Application of Geospatial technology in paleochannel study: potential and future trends	IIRS, Dehradun	1 day	2022-23	1
6	Outreach Programme on RS and GIS Application in Agriculture	IIRS, Dehradun	1 week	2022-23	2
7	Training Course on Overview of Recompilation and Geo-Web Services	IIRS, Dehradun	2 weeks	2022-23	1
8	Training Course on Overview of Global Navigation Satellite System	IIRS, Dehradun	2 weeks	2022-23	3

Outreach Programmed on Space technology and its Application	IIRS, Dehradun	1day	2022-23	1

The screenshot displays the IIRS E-CLASS portal interface. At the top, there are logos for the Indian Institute of Remote Sensing (IIRS), the Indian Space Research Organisation (ISRO), and the E-CLASS system. The main header shows the course title: "1029- IIRS Outreach Programme on Space Technology and its Applications". Below this, there are navigation tabs: "View Student", "Attendance", "Attendance Status", "Study Material", and "Download Certificates". The "Students Record" section is active, showing a table with one student entry. The table columns include S.No., RegNo., Name, Email ID, Profession, Qualification, Subjects, Passing Year, ID Proof, and Status. The student listed is Manish Kumar, a Student, with a graduation qualification in History Geography, passing in 2021, and his status is "Approved". The interface also includes a sidebar with various options like "Ongoing Courses", "Guidelines", "Live Lecture", "Offline Session", "Past Courses", "Future Courses", "Update Student Records", "Apply Digital Signature", "Special Admission", "Change Password", and "View Profile". The bottom of the screen shows a Windows taskbar with the date and time as 09:45 on 08-05-2024.

REPORT ON ENVIRONMENTAL AWARENESS PROGRAMME HELD ON DATE:24.03.2023

Objective: To raise awareness and promote responsible domestic solid waste management practices within the community through student participation.

Target Audience: Residents of Bhatara Village of Sambalpur Municipal corporation

Activities:

- Door to door campaign was conducted at different households (68 Nos). Inquire the individual households on the prevailing practices on domestic solid waste handling and facility available in the village. Discuss with them on the importance of waste reduction, reuse, recycling, and composting. Encouraged them to segregate the dry (non-degradable) and wet waste (degradable) at the source, local recycling options, and use separate dustbin for the same.

Outcomes:

- Increased knowledge about the environmental and economic impacts of improper waste management.
- Improved understanding of waste separation and recycling procedures.
- Shift in residents' attitudes towards waste reduction and responsible disposal.

Challenges:

- Ensuring accessibility and inclusivity of program activities.
- Addressing limited resources and infrastructure for waste management in certain areas.

Recommendations:

- Continue promoting awareness through regular educational campaigns.
- Need for improved waste management infrastructure and recycling facilities.
- Partner with local hawkers for the success of recycling and management of dry waste.
- Monitor and measure program impact to assess progress.

Conclusion:

This environmental awareness program successfully raised awareness about responsible domestic solid waste handling within the community. By fostering collaboration, education, and action, we can collectively contribute to a cleaner and more sustainable future.

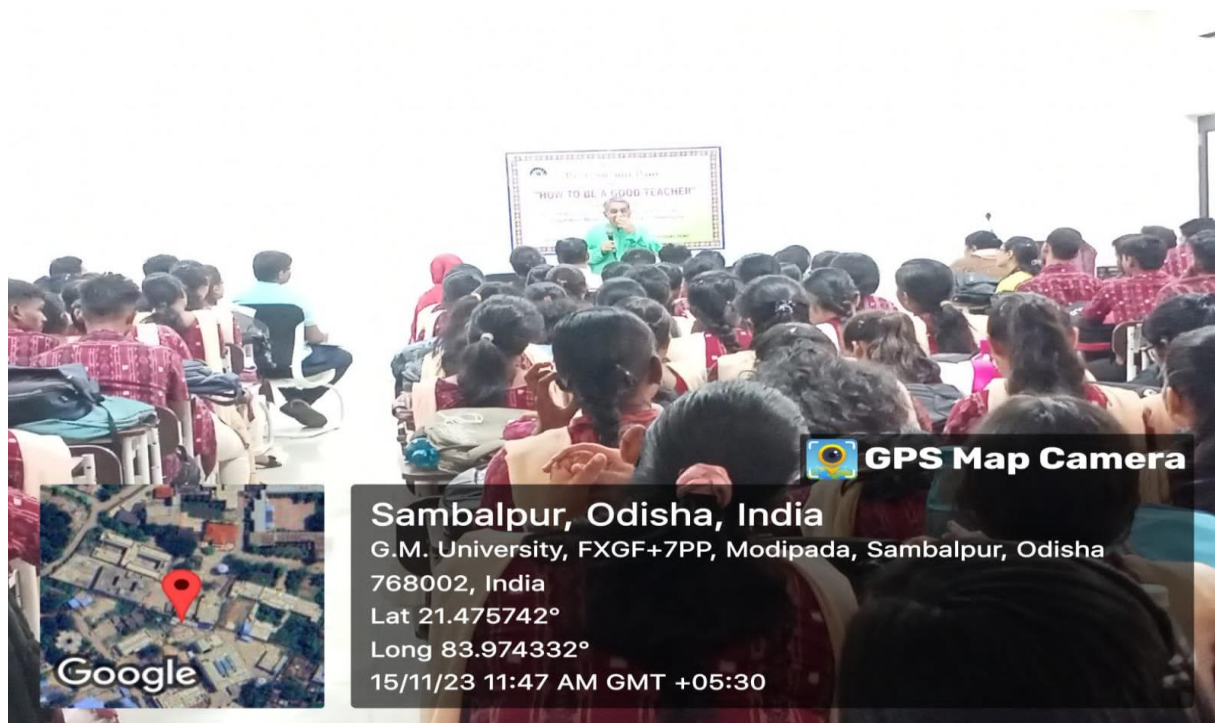

2.3.1 Student Centric Learning Practices during Session 2022-23

The following students centric practices have helped the students to bring out their hidden talents, better understanding of the subject, augment inclination towards subject and enhance their active learning process.

Extra-mural class by Expert/Resource person

The school of Education conducts extra-mural talks/sessions for students to enhance their knowledge sphere by interacting them with experts/educationists from other institutions. This gives them exposure to new experience and gain new skills and insights in a comprehensive manner.

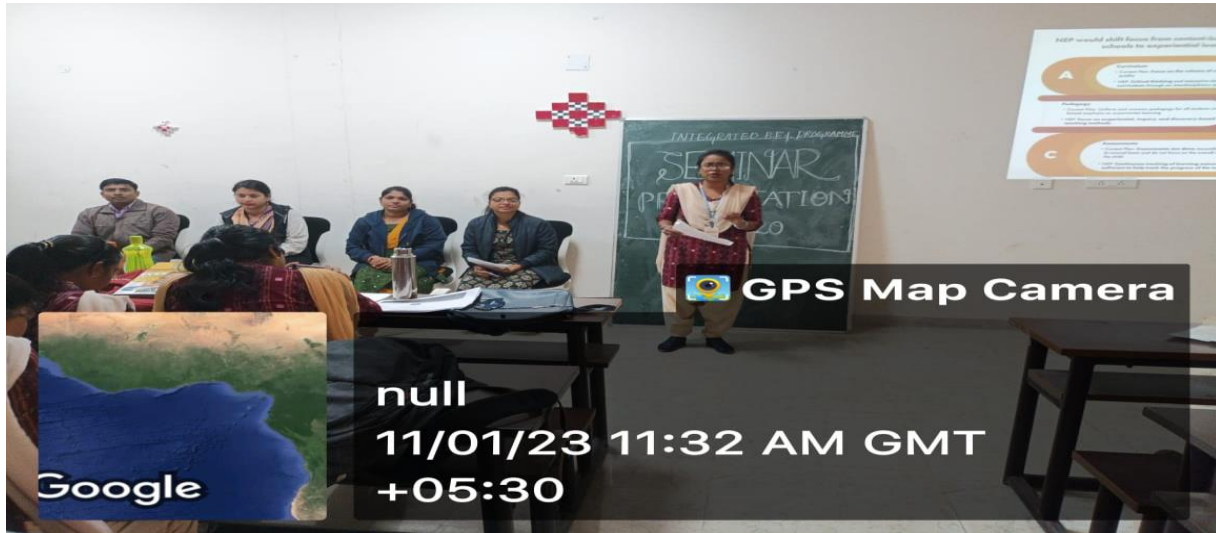

Date: 15.11.2023

Proceeding of Extension Programme of School of Management, Gangadhar Meher University, Sambalpur, Odisha

Title: Financial Inclusion Extension Program at Ramapella Village by Gangadhar Meher University's School of Management

On December 6, 2023, the School of Management at Gangadhar Meher University organized an Extension Program in Ramapella village, Rengali Block, under the Sambalpur District. The program focused on Financial Inclusion in the areas of Digital Finance, Banking, Government Schemes, Mutual Funds, and the prevention of digital fraud. Dr. Srinibash Dash, Head of the Department, Dr. Smruti Mishra, Assistant Professor, Dr. Mahesh Bargati, and Sandeep Mukherjee led the initiative, collaborating with students from the MBA and MBA Finance Management programs.

The day began with students actively engaging with the community by conducting door-to-door visits. This approach aimed to foster direct communication with villagers, understanding their financial needs, and addressing any concerns they might have. The students initiated conversations with residents, providing

insights into the various financial instruments available and the benefits of participating in formal financial systems.

Following the door-to-door visits, a community meeting was organized in the village. The event was strategically planned in the presence of the village's women to ensure widespread awareness. The students, under the guidance of

their faculty, took the opportunity to educate the villagers about the importance of financial inclusion and the role of various financial instruments in empowering individuals and communities.

During the meeting, the students covered topics such as Digital Finance, Banking Services, Government Schemes, Mutual Funds, and safeguarding against digital fraud. The discussions were designed to be interactive, encouraging villagers to ask questions and seek clarifications on various financial matters.

Dr. Srinibash Dash, as the Head of the Department, addressed the gathering, emphasizing the significance of financial literacy in today's fast-paced world. Dr. Smruti Mishra, Assistant Professor, shared insights into the practical applications of financial concepts and the potential impact on the villagers' lives.

Dr. Mahesh Bargati and Sandeep Mukherjee provided in-depth knowledge on government schemes and the benefits available to the rural population. They highlighted the transformative potential of participating in initiatives aimed at financial inclusion, ultimately contributing to the overall development of the community.

The Extension Program served not only as an educational initiative but also as a platform for fostering a two-way dialogue between academia and the community. The students gained valuable experience in applying theoretical knowledge to real-world situations, while the villagers benefited from newfound financial awareness and guidance.

In conclusion, the Financial Inclusion Extension Program conducted by Gangadhar Meher University's School of Management in Ramapella village was a commendable effort to bridge the gap between academia and the rural community. By actively engaging with villagers, the program aimed to empower individuals through knowledge, enabling them to make informed financial decisions and participate meaningfully in the formal financial sector. The collaborative efforts of the faculty, students, and the community marked a positive step towards achieving financial inclusion and fostering socio-economic development in the region.

**Title: Report on Extension Program: Financial Awareness for Villagers in
Rajapara and Hirakud**

Date: 18/12/2023

On December 18, 2023, a team from the School of Management visited the villages of Rajapara and Hirakud, led by Dr. Srinibash Dash, accompanied by Dr. Smruti Mishra and Mr. S. Mukherjee. The purpose of the visit was to conduct an extension program focused on enhancing financial awareness among the villagers.

Objectives:

The primary objectives of the extension program were:

- To educate villagers on basic financial concepts.
- To create awareness about various government schemes and financial services available to them.
- To empower villagers to make informed financial decisions for their economic well-being.

Program Overview:

The program commenced with a welcome address by Dr. Srinibash Dash, highlighting the significance of financial literacy in improving the socio-economic conditions of the villagers. The team then conducted interactive sessions, workshops, and presentations to impart essential financial knowledge.

Basic Financial Concepts:

The team covered fundamental financial concepts such as savings, budgeting, and the importance of financial planning. Practical demonstrations were provided to help villagers apply these concepts in their daily lives.

Government Schemes:

Information about various government schemes related to agriculture, rural development, and entrepreneurship was disseminated. Emphasis was placed on how villagers could benefit from these initiatives.

Banking and Financial Services:

A session was dedicated to educating villagers about basic banking services, including opening bank accounts, availing loans, and understanding interest rates. The aim was to integrate villagers into the formal banking system.

Digital Financial Literacy:

Given the increasing digitization of financial services, a special focus was placed on digital financial literacy. Villagers were introduced to online banking, mobile payment systems, and the benefits of cashless transactions.

Impact and Feedback:

The program received positive feedback from the villagers, who expressed gratitude for the valuable insights gained. Many participants acknowledged that the program helped them understand the importance of financial planning and encouraged them to explore various financial opportunities.

Dr. Smruti Mishara emphasized the need for sustained efforts in promoting financial literacy and highlighted future plans for follow-up sessions and workshops to reinforce the knowledge gained during the program.

Conclusion:

The extension program on financial awareness in Rajapara and Hirakud proved to be a meaningful initiative towards empowering the villagers with essential financial knowledge. The team led by Dr. Srinibash Dash, Dr. Smruti Mishara, and Mr. S. Mukherjee demonstrated the School of Management's commitment to community development and education. The success of this program serves as a foundation for future endeavors to uplift rural communities through education and awareness.

Proceeding of Extension Programme of School of Management, Gangadhar Meher University, Sambalpur, Odisha

Title: Financial Inclusion Extension Program at Ramapella Village by Gangadhar Meher University's School of Management

On December 6, 2023, the School of Management at Gangadhar Meher University organized an Extension Program in Ramapella village, Rengali Block, under the Sambalpur District. The program focused on Financial Inclusion in the areas of Digital Finance, Banking, Government Schemes, Mutual Funds, and the prevention of digital fraud. Dr. Srinibash Dash, Head of the Department, Dr. Smruti Mishra, Assistant Professor, Dr. Mahesh Bargati, and Sandeep Mukherjee led the initiative, collaborating with students from the MBA and MBA Finance Management programs.

The day began with students actively engaging with the community by conducting door-to-door visits. This approach aimed to foster direct communication with villagers, understanding their financial needs, and addressing any concerns they might have. The students initiated conversations with residents, providing

insights into the various financial instruments available and the benefits of participating in formal financial systems.

Following the door-to-door visits, a community meeting was organized in the village. The event was strategically planned in the presence of the village's women to ensure widespread awareness. The students, under the guidance of

their faculty, took the opportunity to educate the villagers about the importance of financial inclusion and the role of various financial instruments in empowering individuals and communities.

During the meeting, the students covered topics such as Digital Finance, Banking Services, Government Schemes, Mutual Funds, and safeguarding against digital fraud. The discussions were designed to be interactive, encouraging villagers to ask questions and seek clarifications on various financial matters.

Dr. Srinibash Dash, as the Head of the Department, addressed the gathering, emphasizing the significance of financial literacy in today's fast-paced world. Dr. Smruti Mishra, Assistant Professor, shared insights into the practical applications of financial concepts and the potential impact on the villagers' lives.

Dr. Mahesh Bargati and Sandeep Mukherjee provided in-depth knowledge on government schemes and the benefits available to the rural population. They highlighted the transformative potential of participating in initiatives aimed at financial inclusion, ultimately contributing to the overall development of the community.

The Extension Program served not only as an educational initiative but also as a platform for fostering a two-way dialogue between academia and the community. The students gained valuable experience in applying theoretical knowledge to real-world situations, while the villagers benefited from newfound financial awareness and guidance.

In conclusion, the Financial Inclusion Extension Program conducted by Gangadhar Meher University's School of Management in Ramapella village was a commendable effort to bridge the gap between academia and the rural community. By actively engaging with villagers, the program aimed to empower individuals through knowledge, enabling them to make informed financial decisions and participate meaningfully in the formal financial sector. The collaborative efforts of the faculty, students, and the community marked a positive step towards achieving financial inclusion and fostering socio-economic development in the region.

**Title: Report on Extension Program: Financial Awareness for Villagers in
Rajapara and Hirakud**

Date: 18/12/2023

On December 18, 2023, a team from the School of Management visited the villages of Rajapara and Hirakud, led by Dr. Srinibash Dash, accompanied by Dr. Smruti Mishra and Mr. S. Mukherjee. The purpose of the visit was to conduct an extension program focused on enhancing financial awareness among the villagers.

Objectives:

The primary objectives of the extension program were:

- To educate villagers on basic financial concepts.
- To create awareness about various government schemes and financial services available to them.
- To empower villagers to make informed financial decisions for their economic well-being.

Program Overview:

The program commenced with a welcome address by Dr. Srinibash Dash, highlighting the significance of financial literacy in improving the socio-economic conditions of the villagers. The team then conducted interactive sessions, workshops, and presentations to impart essential financial knowledge.

Basic Financial Concepts:

The team covered fundamental financial concepts such as savings, budgeting, and the importance of financial planning. Practical demonstrations were provided to help villagers apply these concepts in their daily lives.

Government Schemes:

Information about various government schemes related to agriculture, rural development, and entrepreneurship was disseminated. Emphasis was placed on how villagers could benefit from these initiatives.

Banking and Financial Services:

A session was dedicated to educating villagers about basic banking services, including opening bank accounts, availing loans, and understanding interest rates. The aim was to integrate villagers into the formal banking system.

Digital Financial Literacy:

Given the increasing digitization of financial services, a special focus was placed on digital financial literacy. Villagers were introduced to online banking, mobile payment systems, and the benefits of cashless transactions.

Impact and Feedback:

The program received positive feedback from the villagers, who expressed gratitude for the valuable insights gained. Many participants acknowledged that the program helped them understand the importance of financial planning and encouraged them to explore various financial opportunities.

Dr. Smruti Mishara emphasized the need for sustained efforts in promoting financial literacy and highlighted future plans for follow-up sessions and workshops to reinforce the knowledge gained during the program.

Conclusion:

The extension program on financial awareness in Rajapara and Hirakud proved to be a meaningful initiative towards empowering the villagers with essential financial knowledge. The team led by Dr. Srinibash Dash, Dr. Smruti Mishara, and Mr. S. Mukherjee demonstrated the School of Management's commitment to community development and education. The success of this program serves as a foundation for future endeavors to uplift rural communities through education and awareness.
